

LEGAL TECH SEMINAR

WEDNESDAY 29TH JANUARY 2025

**4.30PM - ARRIVAL TIME, WELCOME & PRESENTATIONS
WILL COMMENCE AT 4.45PM**

AI is transforming legal practice, with profound implications across client service, legal education and regulatory compliance. Join us for an essential update on AI's role in law, designed to equip legal professionals with the latest knowledge and strategies to navigate these changes effectively.

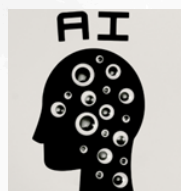

This event will provide a valuable opportunity to connect with peers and industry leaders. Following this, four expert talks will explore AI's impacts on legal education, practical applications in law firms and the latest in regulatory guidance. A Q&A session will conclude the event, giving you a chance to engage directly with the speakers

**PATRICK GRANT, ASSOCIATE
PROFESSOR OF AI & TECHNOLOGY,
THE UNIVERSITY OF LAW**

Topic: How to Train Lawyers on AI
